ABOUT ME

I'm determined to achieve my goals and I'm sociable and enjoy dealing with people. I'm looking for a career that will give me different challenges in different areas. I'm currently studying Computer Engineering and I'm looking for opportunities where I can broaden my experience in my field of study and make a contribution to a company.

EDUCATION AND TRAINING

Master Degree in Computer Science and Engineering

Universidade de Lisboa - Instituto Superior Técnico [2024 – Current]

Address: Av. Prof. Dr. Cavaco Silva, 2744-016 Porto Salvo (Portugal) | Website: <https://tecnico.ulisboa.pt/pt/>

I'm currently in the 1st year of my Master's program and I maintain a proactive and committed attitude to achieving the best possible results. During my academic career, I've already had the opportunity to develop skills in various programming languages, such as C, Python, C++, Java, JavaScript, and SQL. In addition, I've completed several course units related to distributed systems, where I've learned about the architecture and operation of complex systems. I've also had contact with essential technologies in the context of Infrastructure and DevOps, such as Docker, Kubernetes, Ansible, and Terraform. I'm constantly looking to expand my knowledge and improve my skills.

Degree in Computer Engineering

Universidade de Lisboa - Instituto Superior Técnico [2021 – 2024]

Address: Av. Prof. Dr. Cavaco Silva, 2744-016 Porto Salvo (Portugal) | Website: <https://tecnico.ulisboa.pt/pt/> | Final grade: 16.5/20

Completed Secondary Education in Science and Technology

Escola Secundaria S. João do Estoril [2018 – 2021]

Address: R. Brito Camacho 401, Estoril, Portugal, (Portugal) | Website: <https://aesje.pt/essje/> | Final grade: 17

WORK EXPERIENCE

Full Stack Developer Intern

Instituto Superior Técnico -- IT Services [09/2024 – Current]

City: Lisbon | Country: Portugal | Website: <https://si.tecnico.ulisboa.pt/>

I'm part of the IT Services team, where I develop functionalities for IST's administrative and academic applications. I work on the integration and improvement of existing information systems, including academic and administrative platforms, and participate in the development of new projects. I work in collaboration with a professional team in a real development environment, contributing to systems used daily by thousands of users.

Backend Developer

Junitec [02/2024 – 11/2024]

Website: <https://junitec.pt/>

I was part of a team of 6 people as a backend developer, contributing to the development of an API for a bank. The API was developed in .NET, and its planning was carried out using the Stoplight tool, which has enabled a structured and efficient approach to architecture design and team alignment.

Software Engineering Internship

Zoi [07/2023 – 09/2023]

City: Lisboa | Country: Portugal | Website: <https://www.zoi.tech/>

As a software engineering intern at Zoi, I contributed to the development of an innovative chatbot. The project involved building a serverless web application using the SST framework, which integrated with Google Calendar for event management. I used technologies such as TypeScript, React, Python and AWS, and implemented AI functionality using the Langchain framework and the OpenAI API. I learned how to personalise the user experience, allowing the chatbot to adapt to specific preferences. This internship provided me with valuable programming and teamwork skills.

Delivery driver

Uber, Bolt [2022 – 2023]

I worked part-time as a delivery rider for two companies, Uber and Bolt. Handling deliveries for both platforms occasionally put me under pressure, but I am now comfortable dealing with it.

LANGUAGE SKILLS

Mother tongue(s): Português

Other language(s):

Inglês

LISTENING B2 READING B2 WRITING B2

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

HOBBIES AND INTERESTS

Sports

I played tennis for seven years, where I became a member of the federation and took part in various competitions

Interests

I'm a car enthusiast, especially motor racing. I also follow the political news in our country very closely.

VOLUNTEERING

[07/2018 – 08/2018] Cascais

Volunteering in a Summer Programme

In 2018, I took part in a summer programme run by Cascais Town Council, "Maré Viva". I completed a total of 125 hours, during which I carried out a variety of tasks, from giving directions to holidaymakers to keeping the beach access clean. Most of the work I did was in groups, which gave me the opportunity to meet new people and work as part of a team.
